MASCULINE NOUN

*le métissage de la société; the cultural mix of society*

---

With reference to the brasseries of Paris, the gentlemen clubs of English high society, and the design concepts of Scandinavian minimalism and Mid Century Italian masters, Mat Sanders presents a refreshingly retro vision of lighting products. Defined by his California Casual aesthetic, Mat reveals his cultivated taste of vintage products updated by an expert minimalist restraint. The result is the following collection created in collaboration with Studio M demonstrating a vision of lighting that attractively mixes modern playful forms with warm color tones and materials that suits traditional and modern environments.

## CHAPEAU PENDANT

Cheerful in design, the Chapeau nods its domed cap at the brasseries of Paris with updates inspired by Dutch modern trends. Contemporary Satin Brass metalwork contrasts with wrapped leather accents that terminate at a translucent glass dome and globe glass shade. The globe of opal Satin White glass softly diffuses LED lamps provided and accentuates the round forms of the outer Clear shade. The products are secured with knurled locking mechanisms that add industrial flair representative of Mat Sanders. Combining contrasting materials with pop appeal, the Chapeau collection offers large scale wall sconces that playfully curve out from the wall and practical pendants with matching accents.

### Dimensions

## CHIPS

HORIZONTAL  
PENDANT

Thinly curved panels of perforated metal shades are illuminated by LED globes of Satin White glass at various positions along the span of the suspended chip-like sculptures. The expansiveness of the panels are voluminous, yet seemingly airy in their perforated translucence. Influenced by pop art and sculpture, the Chips are functional lighting products comically named to express some of the personality in Mat Sanders' designs. The collection includes large scale pendants vertically or horizontally suspended, smaller scaled single pendants, and wall sconces. The shade panels are available in Natural Aged Brass and 'Mat' White, but they can also be manufactured in RAL finishes chosen by Mat Sanders like a more dramatic hues of Dark Slate and 'Mat Black'. Make it monochromatic or combine the finishes to create an illuminated art piece that matches your space.

## DOMAIN PENDANT

A truncated sphere open at its top and bottom encircles a globe of Opal White glass shades. The outer glass shade is suspended by a strapping structure in complimentary finishes. Select from a combination of finishes that include acid etched Satin White glass with Natural Aged Brass, crystal Clear glass with polished Black Nickel, or a striking Smoke striped Clear glass with matte Gunmetal. On the larger pendants the yoke uses leather stitched detail work adding a new discovery that coordinates with the collection. Complimentary smaller scale pendants and sconces round out this collection presenting applications for multiple applications. The attention to detail and fascinating combination of elements is influenced by the various cultural and period pieces within Mat Sanders' design domain. Synonymous with his casual yet sophisticated aesthetic, the collection includes a variety of lighting types that coordinate with various locations, applications, and finishes.

## CAVALIER PENDANT

Expertly stitched leather shades are bound by brass finials in a folded shape that is radially asymmetric. These black leather shades obstruct LED lamping to create ambient indirect lighting and pair well with the Naturally Aged Brass frames that feature a smooth, chestnut leather wrap detail. The shades on the expansive two-light pendant are adjustable to provide function on its oversized width perfectly chic over a dining table, bar, or kitchen island. The wall sconce option is designed for both portable pin-up mounting or hardwired applications and single pendants are available in two sizes. The Cavalier lighting collection exercises Mat Sanders' talent for understated elegance, where the lighting products stand out in their unassuming details.

## PRISMATIC PENDANT

Somewhat recessed within a classic Mid-Century metal shade, a secondary thick glass shade pressed with prismatic patterns casts an iridescent light. The dedicated LED light source is concealed to reduce glare while providing ample lighting. Choose from large, thin-profiled cymbals of Brass with Dark Brown leather accents or Midnight Black metalwork with Black pebbled leather wraps stitched onto the frame. The Prismatic series of pendants, low profile surface mounts, and portable lamps incorporate advanced LED technology. A convenient touch dimmer on the base of the portable lamps features 3-step dimming allowing you to control the light settings for ambient or functional uses.

## CRUX PENDANT

Crossing planes of ribbed glass panels are asymmetrically arranged along a rod, framed in thin Matte Black iron. The tubular bulbs suspended from various heights are obscured by the glass texture, creating a shimmering show of ambient illumination. The simple circular and arcing shapes are stitched together in an interesting industrial glass texture structure that echoes the internal light patterns. The design, like bound glass and orb lighting pendants, manages to convey retro vibes in a modern, daring, and transitional form.
