# VESTA BY MAT SANDERS

Symbolic of the hearth and home, the Vesta collection draws inspiration from the Roman goddess represented by the fire of her temple. Large diameters of shallow, inverted vessels disperse indirect light upward scattering softer, ambient light toward the ceiling. Purposeful in design and its applications, a Dim-to-Warm feature is integrated into the LED light engine so that as you set the lighting dimmer past , the light emitted becomes warmer and more relaxing. Highly reflective, polished metal finishes of rich French Gold or cool Polished Chrome elevate the minimalistic forms with vibrancy, while dramatic two-tone options combining “Mat” White or “Mat” Black shades allow for more neutral compositions. Masterfully understated, Mat Sanders manages to create product and spaces that are both effortlessly sophisticated and pleasantly welcoming.

# FOLD BY MAT SANDERS

A understated form with dramatic effect, Mat Sanders applies his expertise at subtleties in luxurious design. A single fold of brushed Natural Aged Brass gently folds over concealing an LED light source within. The light source is surprisingly powerful as it casts ample illumination downward in a warm hue that creates a softer ambience to a space.

# FACETS BY MAT SANDERS

With simple linear compositions and an elongated curved form, Mat Sanders draws inspiration from the Streamline Modern era of the 1930s. The faceted opal white glass elegantly diffuses light, while solid brass details provide an elevated, timeless look. Select from 5 color temperatures by adjusting the toggle switch easily accessible behind the shade.

An embodiment of artistry, passion, and a commitment to pushing boundaries. Interior Design Ryan Saghian is an internationally acclaimed, award winning architectural interior design firm specializing in high-end residential and hospitality projects. Recognized for a diverse and wide-ranging portfolio encompassing a symphony of rich, unexpected materials that exist between opulence and raw authenticity. Eschewing a single signature style, we celebrate diversity, crafting spaces that encompass an array of aesthetics. With a signature touch that captivates those who seek the extraordinary, the team at Ryan Saghian Interiors transform spaces into living canvases that tell stories, drawing inspiration from the global tapestry of cultures and weaving intricate references with love and respect. With each project, we embark on a journey of transformation, redefining spaces into timeless narratives that reflect the essence of those who inhabit them.

# SHROUD BY RYAN SAGHIAN

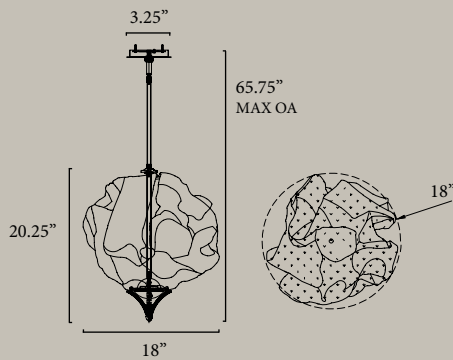

Hand formed metal mesh shades are dimpled and folded into distinctive, artisanal forms. In more traditional lantern and chandelier configurations, these unique shades feature the material suspended within solid brass cages. A large modern, LED pendant features a mesh shade supported atop a sculpted travertine base with brass finial. Similarly, an oversized accent lamp features a large body of travertine at its base with a seemingly floating mesh shade perched atop a brass column. All fixtures include opal white LED lamps.

# CURTAIN CALL BY RYAN SAGHIAN

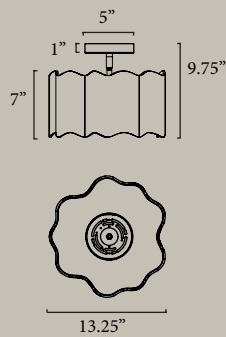

Ryan Saghian captures the glamour of Hollywood evoked in plaster pendants with sculptural details. The forms appear to swell like a curtain, dramatic and striking. The fixtures create a mood in the evening with their soft, ambient light source and transform into a piece of art throughout the day. Thoughtful from every angle, the series features Polished Gold stainless steel mesh diffusers to conceal the light source below.

# NOMAD BY RYAN SAGHIAN

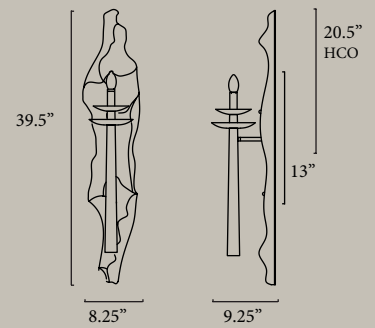

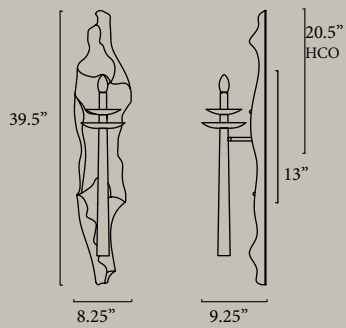

Inspired by a rugged landscape of the California coast, Ryan Saghian illustrates the journeying spirit the West. The oversized White plaster formation is striking in scale and contrasts the textured Anthracite finish on the large scaled candelabra that juts from this surface. The composition of the natural forms and rough textures relate a delicate balance of historical appreciation and modern beauty.

# TRANCE BY NINA MAGON

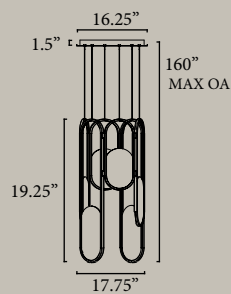

Minimalist in design but loud in its statement, oval frames illuminate translucent panels. Available in Natural Aged Brass with Dichroic glass panels, or Gunmetal with a dotted pattern scattered across a translucent glass, the subtleties in the design become more vivid as they react to light. Most notably in the Dichroic glass panels where its iridescent hues become more vibrant with light and the layering effect adds a colorful element to the design. Intentionally designed with various dimensions, the multiple pendant configurations can be fixed together in polygonal cages held by removable clasps or simply free-float on the thin low voltage cables that suspend each frame.

# LOCKET BY NINA MAGON

The alluring visual effect of a milky cloud marble glass provides elegant luminosity. Backlit with evenly diffused LED lighting the fixtures resonate like a vibrant musical note. The fixture is elongated with a vertical metal spike finished in Natural Aged Brass that hugs the glass' shape as it extends in both directions. These elements end in an angle-cut edge which adds visual contrast not only in color but in feeling. The sharpness of a clasp to the softer orb of the marbling white glass. An embodiment of lighting as a jewel, the Locket evokes both the opulence and sentimentality of designer accessories.

# DREAMER BY NINA MAGON

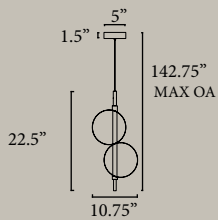

Drawing from her acclaimed “Dreamcloud” installation at Art Basel Miami, Nina Magon reimagines her enchanting vision for residential and hospitality interiors. Bringing a sense of ethereal movement and luminous drama to any space, Magon’s signature sweeping curves suspend iridescent bubble-like glass forms that appear to float along channels of LED light. The channels are available in Heritage Brass with Rainbow Iridescent glass or Gunmetal with Mirror Smoked globes. While the design is bold and the colors dramatic, the fixtures manage to coordinate effortlessly with interior spaces and the broader Nina Magon lighting collection.

INTRODUCING

# STEFANIE HERING

Studio M proudly partners with Stefanie Hering, to explore the poetry of light through exceptional materials and master craftsmanship.

From the precision of masterfully hand-blown glass and bespoke crystal elements to meticulous, aspirational porcelain produced in Hering Berlin's studio in Germany, every element reflects a dialogue of translucence, reflection, and intention in design. Stefanie Hering's designs harness these qualities to create pieces that glow from within, revealing the quiet drama of light as it passes through and across surface and form.

This collaboration resonates perfectly with Studio M's transformative and experiential ethos, uniting German artistry with Studio M's elevated product capabilities. Together, the two brands present lighting as an immersive experience where material, craftsmanship, and illumination converge to inspire and delight.

# BURGEON BY STEFANIE HERING

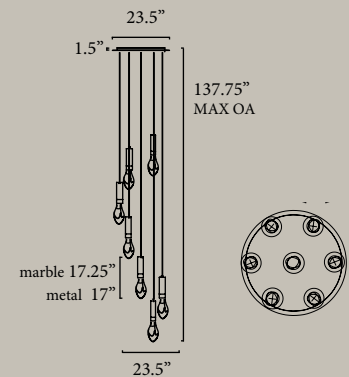

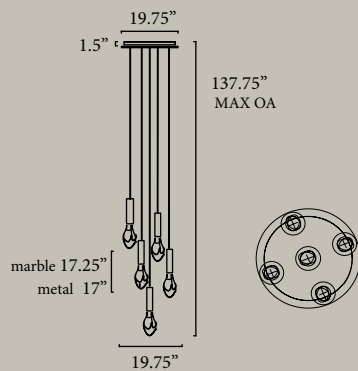

Burgeon draws its beauty from the quiet moment just before a flower opens. A softly bloomed porcelain shade cradles light with warmth and intention. Designed by Stefanie Hering, the collection reflects her balance of disciplined German craftsmanship and the expressive soul of Berlin. Housings in brushed metal or marble lend a sense of permanence. Whether portable, pendant, or wall sconce, Burgeon captures stillness, restraint, and the power of quiet elegance..

# TROPO BY STEFANIE HERING

Tropo translates the artistry Michelin-starred chefs cherish in Hering Berlin porcelain into illumination. Designed by Stefanie Hering, this chandelier balances a modern abstract silhouette with the timeless grace of a dining-room candelabra. Translucent bone-china shades bathe the table in soft ambient light, while a separately switched downlight provides a focused highlight for plates or centerpieces. Tropo transforms meals into immersive experiences where the subtle drama of light elevates every gathering.

# STREAM BY STEFANIE HERING

Stream distills quiet luxury into light. First developed in Berlin by Stefanie Hering, the design is elevated by Studio M's advanced LED engineering. Masterfully crafted porcelain shades are offered in three sizes and multiple configurations, from refined singles to modular cascades. Each pendant provides a serene ambient glow, with single pendants also featuring a dedicated LED downlight. Finishes include Bisque Matte White, Ombre Gradient achieved through a burnt-fire technique, and Pulse, a hand-applied concentric relief that showcases Hering Berlin's material mastery.

# RAYDANCE BY STEFANIE HERING

Ray Dance explores motion, reflection, and the quiet drama of illumination. Clustered compositions combine fluted glass globes, olives, and "lampion" lanterns in a suspended constellation of light. A faceted crystal refracts light through Clear, Amber, or Smoke glass elements. Offered as single clusters, ring pendants, and a large wall sconce, Ray Dance showcases Stefanie Hering's balance of precision and poetry, transforming glassware artistry into luminous architectural sculpture.

# SODA POP

Thick clear glass globes are hand-blown in organic forms with irregular bubble patterns. The profiles are small and can be installed singularly or in groupings for a unique configuration on wall and ceiling surfaces. The metal accents are finished in Polished Chrome to add reflection to the composition of the shades that encase an LED light source within. Three size options available. ADA options are also available. Neutral 3000K Color Temperature.
