PRODUCT DESCRIPTION

Understated elegance and convenience in its design, the simple curved arms of the Bristol collection outstretch in elongated proportions that terminate at a tapered Satin White glass shade. Designed to emulate a traditional fabric shade, the material being glass adds the element of easy maintenance and allows for upward and downward facing light installations. The single tiered wider diameters on the chandeliers also offer an upscale country living addition to the collection. Available in various finishes of Satin Nickel, Satin Brass, or black tones including a textured Anthracite finish on the chandeliers and sconces.
