PRODUCT DESCRIPTION

Minimalist in form and futuristic in styling, a gradient color effect applied to cylindrical glass shades provides a dynamic lighting effect. A Polished Gunmetal LED housing supports the glass adds a mirror like effect to the highly reflective glass. The resulting effect is a replication of the LED light along the length of the glass. Available in a mirrored Gradient Smoke or Gradient Amber glass, the finishes remarkably coordinate with many interior color palettes.

FINISHES OPTION

Black (BK)
Gunmetal (GM)
Satin Nickel (SN)

GLASS

Clear 18
