

PRODUCT DESCRIPTION

The classic cube form has become a staple in modern lighting design. These products have been designed with minimal extension for ADA compliance. The smaller downlight size is designed for Night Sky applications, while both sizes may be utilized in corridor areas for commercial and hospitality applications. This product range is not only commercially qualified, but also reasonably priced, with IP classifications that enable install in both indoors and outdoor areas. The high-powered LED light engine is low-voltage and comes with a range voltage driver, making it easier to fulfill a variety of site requirements.
