PRODUCT DESCRIPTION

Soft oval forms offer a modern and playful touch to this LED wall mounted sconce. The face of the fixture is a light guided White acrylic diffuser that even illuminates the edge-lit LED light source. The sleek shape is made even more attractive by the bright illumination provided by the fixture itself. Great for use in bathrooms or corridors, the fixture is ADA compliant and available in 4 lengths. A recessed housing behind the fixture not only mounts the fixture with an attractive extension that makes it appear to be floating off the wall, but it also features a 5-step color temperature select switch allowing you to discreetly adjust the LED lighting to 5 settings ranging from a warmer 2700K to 3000-3500-4000 and daylight white 5000K. These additional product features thereby give more latitude to the design applications without special requests.
