

PRODUCT DESCRIPTION

An elongated profile with piercing statement, this series of pendants feature thin black wires that support a tapered metal pendant. Recessed in this form is a high powered LED that illuminates a brilliantly faceted crystal element with etched details inside its form to capture light and enhance its beauty. Available in Gold or Matte Black, the design complements both modern and many transitional interiors. A coordinating ADA compliant wall sconce was designed with a rigid stem for public spaces and has been sealed for use in damp locations.
