

PRODUCT DESCRIPTION

Drifter captures the warmth of carved wood in a durable, wet-rated fan designed for outdoor living. Its 52" ABS blades feature sculptural depth and a graceful curve, bringing the character of solid wood with the resilience needed for patios, covered decks, and coastal-inspired spaces. Offered in both downrod and hugger configurations, the design adapts easily to different ceiling heights. An included light kit with cover plate adds flexibility, while the 2-wire DC wall control manages fan speed, dimming, and color temperature selection from 2700K, 3000K, or 4000K.
