PRODUCT DESCRIPTION

Sockets are suspended above a metal spun dome in your choice of Black or White with Gold accents or Satin Nickel with Black accents. A clean and simple approach to modern or transitional lighting, the opening allows light to shine through the opening atop while providing functional light below. This break in the two parts is supported with straps and decorative rivets in complimentary finishes for a subtlety tasteful two-tone finish. A coordinating pin-up wall sconce offers a bedside application to this design with integrated switch on its back plate and two feet of cord cover that can be removed and hardwired per your preference.
