

PRODUCT DESCRIPTION

Styled as a classic early American coach lantern, the Yorktown sconces offer an established exterior design aesthetic with the modern engineering to withstand the harshest climates. A crossing pattern of the material wraps clear glass panes that protects them and adds visual interest. Featured prominently on the back plate of these lanterns is a stainless-steel overlay in Antique Copper that evokes the historical reference embodied in the design and attractive contrast to the fixtures rated for wet locations.

*Height from center of outlet to the top of the fixture
