## PRODUCT DESCRIPTION

Bands of metal are woven on a frame and finished in Bronze Gilt on the outside and a contrasting Gold Leaf finish on the inside. An LED light source peers through openings in the weave and directs light outward eliminating any strobing effect that fans may cause. This Fandelight has been updated with a Wi-Fi enabled control that operates color temperature, light intensity and the fan speed. These features can be adjusted by either the remote provided or Smart Home apps.
