Quantity:\_

## **PRODUCT DESCRIPTION**

Hand-woven rattan wicker in a natural or darkened finish are shaped into a sloping drum shade with an internal fan and LED light source within them. The contrasting Dark Bronze finish of the metalwork encases an LED ring toward the bottom edge of the shade allowing for a strobe-free light effect directed downward. The surface coatings are rated for outdoor applications so the rattan and the metalwork are purposefully designed for outdoor spaces under covered roofs. Transform your patio with coastal flair and escape the heat with this Fandelight by Maxim.
