

PRODUCT DESCRIPTION

An elegant fusion of function and fashion, this contemporary Fandelight features a bold Black band segmented by highly reflective Gold-plated crystal settings. A fixed distance from the fixture, the settings support beveled crystal embellishments on jewel-inspired prongs that enhance its iridescence and allow ambient and natural light to gleam off its faceted surfaces. Encircled within this bejeweled band is an internal ring in Black that houses an LED light source directing ample light downward. Certainly a luxurious statement of modernity, the concept is further enhanced with our signature high performance, Wifi-enabled fans. Included with your purchase, is a wall mounted remote control that allows function via switch or by Smart app. Elevate your space that needs a fan, with a Fan-delight!
